

YOUR NAME and THE UNAM SANCTAM

Source of Name

The **source** of the **name** will change the **jurisdiction**, so before accepting the **name** that is **offered** to you, it would be advisable to question the **source**.

When asked by someone, “**give me your name**” and you respond with “**your name**”, you have just given them “**your name**”; this is used in court to defraud you.

So, you cannot **give** your name, but you can **tell** your name.

Although there are several **jurisdictions** and **trusts** that “**your name**” has been applied to, the following is a basic guide of the three main **jurisdictions**.

Private Name:

- Name: John Henry Doe.
- Source: You.

With the **name** written in **title case English**, without acceptance of the **surname** and with the **source** being **you**, then you are operating within your own **private jurisdiction** and dominion, with no other person or agency having any authority over said **name**.

This is the **name** given to you by your parents, and you now have sole control and ownership of said name.

Statutes, Acts, Regulations, Admiralty law, in fact the **entire legal system** does **NOT** apply.

This name is for the living where **corporations** cannot exist, and is considered **private law** or law within contract, without the need for titles.

Private National Name:

- Name: John Henry Doe.
- Source: Certificate of live birth: Creditor.

Although this **name** is written exactly as **your name**, using **title case English**, it is **NOT** your **name**, but **resembles** your **name** which is controlled by someone else, and operates within a separate **jurisdiction**.

This **name** applies to a **Foreign Situs Trust** and is considered an **international “vessel”** operating in a **private jurisdiction** and you are the **grantor, beneficiary** and **creditor** of said trust.

Note: **Foreign Situs Trust** refers to a **trust** created under **foreign law**, and such trusts are treated as a **non-resident individual** for tax purposes.

This **legal name** is created so you can “**conduct commerce**” using the “**all caps corporate name**” within the **public jurisdiction**.

Operating within the jurisdiction of **Admiralty law**, this name is considered a **“State National”**, such as:

- United States National.
- British National.

Public Statutory Name:

- Name: JOHN HENRY DOE.
- Source: Birth certificate: Debtor.

This **name** is spelt the same as your **private name**, but is now written in all caps, making it a **corporation**, which is required to interact with any **government** or **corporate** entity.

Operating as an **implied trust**, you have been turned into the **debtor** of this **corporation** that functions with the **Cestui Que Vie Trust** operated by the **government corporation**.

This name is used in conjunction with the status of **Citizen**, such as:

- US Citizen.
- UK Citizen.

With the status of **Citizen** you are now an **“employee”** of the **corporation**, and you have become a **member of the public** operating within the **public jurisdiction** and have become taxable.

Your **corporation** is now co-partnered with the **government corporation**, with them having the controlling interest.

Note: This name can also be considered to represent a **franchise** of a larger corporation, with the title **“citizen”** meaning **“franchisee”**.

Statutes, Acts, Regulation, in fact the **entire legal system**, now does apply.

However as a **“citizen”** you do **not** have access to, or are protected by, the bill of rights.

Note: Your **“marriage licence”** is created through this **government** controlled **Cestui Que Vie trust**; meaning the marriage is nothing more than a **“corporate merger”** between the **“husband”** and **“wife”**, where the **government** has the controlling interest.

As a **“member of the public”** you have now **“agreed”** to be under the **jurisdiction** of a **“democracy”**, which is in fact **Pirate Democracy** controlled under **maritime law**.

With the control of your **“name”**, the government are now able to create **credit** through said name.

Before we get into how **credit** is created in your name, it would be beneficial to understand the history behind the **“all caps name”** and the **Cestui que vie trust**.

Unam Sanctam

Although the enslavement of man has been going on for centuries, and the entrapment of civil procedure code dates back over two thousand years, the modern day birth certificate fraud holds its roots in the year 1302.

The ***Unam Sanctam***, which means “*holy one*” in Latin, is a ***Papal Bull*** that was issued by ***Pope Boniface VIII*** on 18 November 1302.

Note: A ***Papal Bull*** is a type of ***public decree***, ***letters patent***, or ***charter*** issued by a Pope of the Catholic Church, written in blood on the skin of a baby goat, or kid.

It is named after the seal of the church, which was traditionally applied in order to authenticate or endorse it.

This action by the Pope was in retaliation to ***King Edward the 1st of England*** levying high taxes on the French clergy for half their annual income.

In 1296 ***King Edward 1st of England*** enforced his taxing powers by putting defiant clergy under “***outlawry***”, which is a Roman law concept withdrawing the clergy’s protection from under the English common law, and confiscated the temporal properties of bishops who refused the King’s levies.

The ***Papal Bull*** or ***Unam Sanctam*** placed the Pope as supreme head of the church, with the duty of everyone to give submission to the Pope, including the King, so as to belong to the Church and thus to attain salvation.

Unam Sanctam AD 1302 became the 1st Trust of the world, with the following decree:

“Furthermore, we declare, we proclaim, we define that it is absolutely necessary for salvation that every human creature be subject to the Roman Pontiff.”

Note: ***Pontiff*** is the former title of the ***Pagan high priest*** at Rome, before it was changed to ***Pope***.

With submission now being applied to everyone, the theft of resources could begin.

Romanus Pontifex

The next ***Papal Bull*** or ***trust*** was called the ***Romanus Pontifex*** and was issued by ***Pope Eugenius IV*** in 1436.

With the signing of the ***Romanus Pontifex*** by the pope, Portugal's control of the lands it was conquering were confirmed and given to ***King Alfonso V of Portugal***.

In 1455 this control of land was expanded by ***Pope Nicholas V***, as ***King Alfonso V*** continued his battle with the Muslims.

Note: There was a war of “***banks***” or financial control over the monetary system going on between the ***Catholic Church*** and the ***Muslims***.

The **Catholic Church** endorsed the military expedition into western Africa by **King Alfonso V**, with the instruction to capture and subdue **Saracen-Turks** and other **non-Christians**, and place them into perpetual slavery.

The Church took a position alongside that of the **Crown of Portugal** and began claiming entitlement to dominion over all lands in Africa.

Romanus Pontifex AD 1455 became "**Crown Land**" or the 1st Crown, which deprived all newly born children to benefit from, or have rights on land.

Eventually, over centuries, this claim expanded to **all land** within "**the world**".

Aeterni Regis

With the theft of all land underway, the church began its conquest to own all property or "**the body**", with the signing of the **Papal Bull Aeterni Regis**, by **Pope Sixtus IV** on 21st June 1481.

Aeterni Regis, meaning "**of the eternal king**" or "**eternal Crown**", confirmed the substance of the **Treaty of Alcacovas**, granting Portugal further territorial acquisitions made by Christian powers in Africa and surrounding lands.

The guise of the **Aeterni Regis** was to gain stability, prosperity, and tranquillity of all **Catholic kings**, under the guidance of the **Christian faith**, and placed them under the jurisdiction of the "**Eternal King**".

This placed all the people, or "**subjects**" to these kingdoms, within the second trust, or "**Crown of the Commonwealth**".

All newly born children were now collateral to the central bank of each nation, through the creation of a **birth certificate** as a bond.

Aeterni Regis AD 1481 became the "**Crown of the Commonwealth**" meaning "**the body**", or the 2nd Crown.

Note: This crown was lost by England in 1753, when it returned to Spain.

Convocation

The first **Convocation** in 1531, granted **King Henry VIII** to become head of the **Church of England**, where he wrote "**The Doctrinal Formulas of Henry VIII**", consisting of ten articles, one of which made the following decree:

Article 2: "**the necessity of baptism for salvation, even in the case of infants**".

The third trust was established in 1537 by **Pope Paul III**, through the **Papal Bull Convocation**. This trust was set up for the claiming of all "**lost souls**", lost to the sea.

The **Venetians** assisted in the creation of the first **Cestui Que Vie Act of 1540**, to use this papal bull as the basis of **Ecclesiastical** authority of **King Henry VIII**.

This Crown was secretly granted to England for the **collection** and **“reaping”** of **“lost souls”**.

This **trust** or **“third crown”** would be created when a child is baptised.

It is done by the parents granting the creation of the **Baptismal certificate** or **“title to the soul”**, which is then given to the **church** or **Registrar**.

Therefore without **legal title** over one’s own soul, you will be denied legal standing and will be treated as nothing more than **“cargo”** without a soul.

Upon which the **BAR**, which stands for **British Accreditation Registry**, is now **“legally”** able to enforce **Maritime law** over you.

Although the practice of **baptism** originated in the second century, from a fusion of the Jewish and Christian faiths, **baptism** meant you had become a **“Citizen of Rome”**, and ultimately **baptism** is placing your **“soul into trust”**.

Anyone not **baptised**, within this system, would be considered **heathens**, and **“ward of court”**, or **“non-living”**.

Convocation AD 1537 became the **“collection of the soul”**, or the 3rd Crown.

Capitis Diminutio Maxima

With the three **trusts** or **crowns** in place, the all caps name, called **“Capitis Diminutio Maxima”** meaning **“Great reduction of the head”** was created.

Taken from Black’s Law, 2nd Edition:

“The highest or most comprehensive loss of status. This occurred when a man's condition was changed from one of freedom to one of bondage, when he became a slave.”

These **three crowns** represent the **“crown corporation”** controlled by the **Crown council of the 13**, and own all registered **corporations** including **governments**.

Crown law and **Crown Copyright** now refer to the **three crowns** of the **Unam Sanctam**.

The Whole World

With the construction and completion of the **Unam Sanctum** and the **“three crowns”**, the **Vatican** owned **“the whole world”** and the souls within, however **“the whole world”** is nothing but a contract or jurisdiction, and without your signature it has **not** been accepted.

The origin of the word **“world”** has its roots in the **Latin** word **“saeculum”** and the **Greek** word **“aiōn”** which means **“age”** and refers to the **passage of time**.

Note: A **saeculum** is a length of time that equates to the potential **lifetime** of a person.

From **Middle English** the word **“weorold”**, which is based on the **Proto-West Germanic** word **“weraildi”**, means **“age”**, **“era of man”**.

Over time this became the word **“world”** meaning **“individual course of life”, “career”, “the inhabitants of the earth”, “the human race”** with the word **race** meaning completion of a time period.

Therefore the word **“world”** is used to indicate a **time period** placed or upon an **area** or **jurisdiction** on **planet earth**.

Note: **Earth** is the name of the planet, which operates within the 3D reality of life; **“The Whole World”** is the 2D **“flat earth”** of a **contract**, within a set time period, which operates within the dead.
